

J6 ANNUAL

Bull & Female Sale

MARCH 2, 2023 - 1 P.M. - GIBBON NEBRASKA

Welcome to J6

I was looking through past catalogs and noticed that every year, I say "This is our best set of bulls yet!" Our goal at J6 is to continue to say that year after year. I can confidently say the bulls we have available in 2023 are definitely the best ones – yet! We prioritize power, production, and profitability, with our focus on Red Angus and Lim-Flex cattle allowing us to bring the best from each breed to our customers. The bulls available this year range all along the spectrum from calving ease to performance-oriented, able to fit into a number of different operations. We're very optimistic about future cattle markets and these bulls have the genetic power and breeding potential to fit any program, purebred or commercial.

We are looking forward to seeing you in Gibbon on March 2nd and extend an invitation to come preview bulls and get to know our operation at any point before the sale. As always, our team is available for answering any questions before and day of the sale to help you find the right fit for your operation. We look forward to seeing you there!

-David, Tish, and the whole team at J6 Farms

Mike & Heather Marlow

8618 S. Western Road • Perkins, OK 74059

405.880.0108 • marlowcpc@gmail.com

The J6 Farms operation is deeply rooted and here for the long haul. I look forward to helping along the way with promotions and to get the word out on this exciting set of herd bull prospects and top cut registered spring pairs. David and Mark work incredibly well together because they are like-minded and want to bring the best they possibly can to offer to the public. With all the high input costs they have shifted their gears to punch as much efficiency and ease of fleshing into their seedstock as they can without sacrificing overall performance to mash the scales. The bulls this year represent the direction they are going towards. Bulls that are geared for profit and loaded with muscle, structural soundness, along with body mass and deep rib shape. With that being said, I'll do my best to help you in any way possible in finding the right bull or kind of bull to fit your program. I am really excited about this journey with J6 Farms, if you have any questions about the bulls or registered spring pairs don't hesitate to give myself or any of the sale staff a call.

Sale Information

Heisman son

NEW GENERATION 207H-
FLUSH MATE TO DAM

This is an exciting opportunity to own 50% semen interest in one of the best, most unique Red Angus bulls ever produced a J6 Farms! Absolutely mind blowing! His overall style, soundness, balance, and pure power is next level. 513K puts all the puzzle pieces together in a solid genetic package. Exciting times ahead for a highly phenotypic young powerhouse. As you study his pedigree you will find only current, highly sought-after genetics backing him up. Sired by our \$60,000 herd sire, PIE Heisman 028, who is sired by the proven popular sire PIE Quarterback 789. His donor dam, J6 Extra 184H, a daughter of the extremely proven Mann Red Box 55C. 184H has excellent udder quality with added performance and eye appeal. We will be using 513K heavily in our operation through embryo transfer and AI. Don't hesitate to get in on the front end of this extremely exciting powerhouse Red Angus sire. The future is bright on this super star. We foresee 513K producing top 1% designed females and extraordinary sons. **SELLING ½ SEMEN INTEREST AND NO POSSESSION.**

New Generation son

Member of the Reserve Champion pen of three Red Angus bulls at the 2023 National Western Stock Show. This true beef/cowboys bull is a load of beef with a massive amount of added rib shape and base width. Powerful from every angle, what I like to call 3 dimensional. 542K is easy fleshing and the kind that should produce front pasture females that go the long haul.

Maxed Out son

J6 MAXED OUT 121G-
FULL BROTHER TO LOT 9

Sale highlight here! This ground pounding load of beef is a full brother to the performance king himself, J6 Maxed Out 121G. As you study this "today's kind of beef bull", 2300 has a massive amount of spring of rib and depth. Along with being a chunk. 2300 is loaded with muscle, is good footed, and sound and extremely easy fleshing. Incoming highlight Duff Red Warrior sired by J6 Maxed Out 121G just sold for \$55,000 due to his performance and power! Carbon Copy has the power and three-dimensional look, not to mention his proven pedigree backing him.

Take a deep seat on this absolute powerhouse mega herd sire. This big-time calving ease heifer bull is loaded with muscle and has an extra shot of eye appeal. 515K is backed by J6 Blockanna 140H, a huge bodied easy fleshing, highly maternal female. When it comes to phenotype, 515K is striking with a load of muscle that carries over his topline and runs deep into his quarter. We feel like he has an excellent future as a front-end heifer bull that crosses into an all-around sire.

Heifer Bull! This -4.2 birth weight 16 CED heifer bull is smooth designed, wide based with plenty of length of spine. 623K is loaded with maternal value with a top 1% milk EPD.

Maxed Out son

657K is the son of the extreme growth and power sire, J6 Maxed Out 121G. He is loaded with red meat, length of spine and phenotype. 657K should add pounds to anything he breeds as well as producing low maintenance keeper heifers.

Yearling weights will be available sale day.

Here's another powerful son of the scale masher, J6 Maxed Out 121G. 555K is a load of beef with extension throughout with plenty of base width and ruggedness added. Stemming back to the big-time maternal breeding pedigrees like Basin EXT lineage on his dam side makes 555K a great choice for producing the keeping kind of replacement females.

Mary Fay 119J is a member of a fantastic flush of quality seedstock. Her full brothers sold as highlights in last year's J6 Farms Bull Sale. 119J is extremely feminine and smooth fronted with an excellent long and level top line with added rib shape and ideal udder quality. **PIE HEISMAN SIRE RED BULL CALF AT SIDE, CALVED 1/7/23. 62 LBS.**
