 DOB: 03.13.13

Ever hear of the phrase "Long as a well rope"? Well take a look here at the side profile of Six Mile & Co. Jagger and that might be what some would have to say. He is so impressive from the side with his length of body and his levelness out through his hooks to pens. We appreciate his excellent structure and softness of pasterns. When you take a look at Jagger from behind it is amazing the amount of mass, thickness and overall capacity that he has. We appreciate his levelness down his topline and his square hip. The Six Mile & Co. Jagger progeny have been very well accepted in the breed and we are certain they will continue to be a big hit for the prominent cattleman that have influence their cows with his genetics.

Take advantage of these semen opportunities by clicking on www.ecattlemarket.com today!

 Take*

- 2014 Denver National Western Red Angus Show Grand Champion Red Angus Bull
- 2016 Denver National Western Red Angus Show Grand Champion Red Angus Bull

It has been said by many noted cattleman that Six Mile Taurus could be on the finest bulls no matter what the breed. From the ground up this herd sire is near perfect. He is fluid in his movement and soft in his pasterns. We admire and appreciate in the Red Angus breed when we can find a sire that has so much heaviness of bone and foot size like him. From the ground up he is near perfect and then when you consider the amount of rib shape, volume and capacity he has it is truly remarkable. From the side Six Mile Taurus is stunning to say the least. We love him up through his head and neck and how he blends into his shoulder. From his shoulder back he is straight and extremely level down his top and so square out through his hooks to pens. J6 Farms and Six Mile are pleased to offer the semen on this breed champion BEEF bull and they look forward to his influence playing a major role in the future success of the Red Angus business.

Congratulations to Six Mile with their top selling lot being a Taurus son, Red Six Mile High Caliber. He sold for \$115,000 going to Viske Family Farm, Sunberry Valley Farm and Diamond T Cattle Co.
