

MATURE COWHERD DISPERSAL

OCTOBER 13, 2018 | 1:00 P.M. | AT THE FARM | NEAR GIBBON, NEBRASKA

J6 Farms is a
family-run operation
that is led by faith,
backed by integrity
and committed to service.

SALE COUPON

We are giving a **\$1,000 credit to any buyer** on any live lot purchase in our Mature Cowherd Dispersal Sale. Buyer must be present at the sale. One credit per family. Coupon/ credit must be in-hand while attending the sale.

Log onto www.J6Farms.com to fill out your coupon. We look forward to seeing you at the sale!

\$100 in cash will be given to any buyer on EACH LOT (cow/ calf pair is one lot) if they are hauled the day of the sale.

ATTENTION HIGH LOT PURCHASE ...

The buyer of the high selling lot will receive a choice of an embryo flush (guarantee of 5 embryos) on any J6 Farms donor. Buyer can choose the semen and pays all the expense but will be under the guidance of the J6 Farms management team.

ATTENTION VOLUME BUYER ...

High volume buyer receives the following "Herd in a Tank" -

- MVE Millennium 2000 Semen tank
- Red Angus Embryos

J6 Farms is proud to be a part
of the agriculture and cattle industry.
We consider it a privilege to offer
J6 genetics and connect
with our customer.

MATURE COWHERD DISPERSAL

OCTOBER 13, 2018 | 1:00 P.M. | AT THE FARM | NEAR GIBBON, NEBRASKA

SALE HEADQUARTERS

Hampton Inn 308.234.3400 507 Talmadge St. Kearney, NE 68845
Holiday Inn 308.237.5971 110 S 2nd Ave, Kearney, NE 68847
Ramada Inn 308.237.3141 301 2nd Ave, Kearney, NE 68847

SALE ORDER All lots sell in catalog order

SUPPLEMENT INFORMATION will be posted on Thursday, October 11th at www.J6farms.com and www.RRMktg.com

LOAD OUT A J6 Farms representative will be at the load out area and will hand each buyer a \$100 dollar bill for each lot hauled out the day of the sale. Otherwise the cattle will have to be off the premises within one week of the sale date.

TRUCKING J6 will pay \$100 per head towards trucking if coordinated with Nick Goings or Courtney Lovett on the day of the sale.

ADDITIONAL CHARGES If any sold cattle are still at J6 Farms starting November 15th the buyer will be charged \$5 per head per day unless otherwise arranged with J6 Farms.

VIDEOS by Becky Rennert

PICTURES by ALM Photography

HEALTH PAPERS All cattle sold will be accompanied by appropriate health papers for immediate interstate shipping

ANNOUNCEMENTS Any announcements from the sale block will take precedence over the printed material

GUARANTEE All cattle as stated in the sale catalog and supplement sheet and no further guarantees on breeding, etc. will be offered.

TERMS & CONDITIONS Terms of the sale are cash or check. You may use a credit card, but there will be a 3% service charge on top of the purchase price.

REGISTRATION & TRANSFERS Once the checks have cleared, the papers will be transferred at the expense of J6 Farms with the Red Angus, Angus and Simmental Associations.

DRIVING INSTRUCTIONS From the West on I-80, get off at exit 279. Go North on Hwy 10 to Hwy 30. Go east three miles and turn South on Maple Road. J6 is the first place on the West side of the road. From the East, get off I-80 on exit 285 at Gibbon and go North to 56th road. Turn West and go 2.5 miles, then turn North and go 3/4 of a mile. J6 headquarters are on the West side of the road.

WATCH & BID LIVE  The sale will be conducted by DVAuction where all the cattle will be sold via video and will not be run through the ring live. To preview the sale offering, log onto www.DVAuction.com prior to the sale.

ABSENTEE BUYERS Bidders unable to attend the sale can contact anyone at the following sale day cell phone numbers. Your bid will be handled in the most confidential manner.

SEMEN & EMBRYOS No semen or embryos will be at the sale site. Once your purchases have been made your lots will be released and you can contact the following -
Trans Ova Genetics-Iowa, 800.999.3586
Contact, Ranae Schuttpelez at Ranae.Schuttpelez@transova.com
**Please note that buyers pay for all shipping and handling.

www.j6farms.com

Dear Friends,

There comes a time in every cattleman's career when he needs to stop, take a moment, and evaluate the herd that has been built up over the past years. You get to reap the unique rewards of my personal moment of reflection. Over the past two decades, we have gone from a commercial herd to a large herd of strong, pedigreed Red Angus, Angus, and Simmental animals. Many of these females have spent time as show heifers and were extremely competitive nationally. My goal for our herd was always to create cattle that are functional, attractive, and game-changing. I believe that goal has been accomplished. We at J6 Farms have decided to streamline our breeding process in order to continue to bring the best product to our customers and have made some tough calls on a few of my favorite animals in our herd

Due to our acquisition of the Majestic Meadows' herd a few years ago, the progeny of not just one but two highly productive breeding programs will be available for sale. We have been carefully monitoring and selecting the cattle offered on this sale. These animals will work for any operation, whether purebred or commercial.

While we are very excited to be making the transition to an embryo transfer program, we are incredibly reluctant to be parting with this group of animals. As the summer draws to a close and we see their outstanding progeny as we wean and work cattle, I am amazed at the depth all the way through the catalog and struggle to let any of them go. These animals have proven their worth in the foothills of Nebraska and are ready to go to work for you and your operation.

To prove how excited we are about the females and bulls available, we are offering a \$1000 coupon to each family or operation. In order to take advantage of this offer, you must be at the farm the day of the sale. In addition to this, we will be giving \$100 cash for each lot hauled out of the farm on the day of the sale. These cattle will start making money for you before you even get them in your pasture or donor pen.

We are so grateful to our previous customers for their continued support and look forward to forging new connections as we all work to make the cattle industry better. With that in mind, we will be adding a complimentary flush from the donor cow of your choice to the buyer of the high-selling lot and giving away a herd in a tank to the high volume buyer.

We look forward to seeing everyone at the farm outside Gibbon, NE, on the weekend of October 13, 2018.

*Sincerely,
David Spencer*

*Thank
You!*

Selling full possession and 2/3 semen interest. J6 Farms retains 1/3 semen interest.

This Bieber Rollin Deep son has proven himself to be a multi-faceted breeding bull. WEBR Maxed Out 627 will add pounds to your herd, not frame score. He is soft made and has the extra flank and depth of body to stand with the best of them. We admire his shape and spread over his top and his flexibility on the move. His dam, Miss BHR Copper D is a crowd favorite. 'Max Out' your herd's potential with WEBR Maxed Out.

A GREAT OPPORTUNITY

the infamous Maxed Out bull

Majestic Serabelle Y19 is a Majestic Lightning daughter from the Whitestone Serabelle W1118 donor. W1118 is the proven, predictable Red Angus donor. We admire this female's fluidity in movement and her softness of pasterns. She has the fleshing ability and depth of rib to continue to work in production. This female's progeny will follow suit with stylish design and predictable profit potential.

Here is an impressively designed female with a big top and muscle shape that ties into a powerful hind leg stance. 3 Aces Lana 3302 is sired by Majestic Lightning, the Grand Champion Bull at the 2009 NWSS and NAILE. The prominent donor, Feddes Blockana 807, shows up on both sides of his exclusive pedigree. Her dam, Trowbridge Lana 707, is a full sister to GT Cita 4060, the dam of PZC TMAS Firestorm. Lana 707 is from the same cow family that won Grand Champion Female at the 2013 NWSS and her mother is a past Grand Champion at NWSS.

 Six Mile Pride 380B stems from the well known Pride cow family at Six Mile Ranch in Saskatchewan, where cows need to prove themselves year in and year out in order to punch their ticket for the next calving season. A direct daughter of WEBR Tomahawk 1204, a full brother to WEBR Card Shark. Tomahawk is out of one of the most dominant herd-siring producing cows in the breed, PFFR MS NYACK 237. 380B hits the sweet spot in terms of data, with a negative BW, above-average growth and stayability and numbers in the top 20% for CW. With her proven pedigree and performance profile, this female needs to head straight to the donor pen at her new home.

Majestic Lion Heart A25, sire Of Lot 11B embryos.

Selling open and ready to flush.

WR MS Betty 9035 had an impressive career. She was the National Champion for us in 2010 as well as a member of the 2014 National Champion Pen of heifers for the Chain Ranch at NWSS. She is very powerfully designed and structurally correct, making her an ideal breeding piece. She is responsible for the 2015 J6 Legacy Collection \$15,000 Firestorm daughter that sold to Conley Cattle, Sulphur, OK. She also raised the \$11,000 Lion Heart son sold to P Bar S Ranch, Sand Springs, OK, on the 2017 J6 Farms Sale. Her cow power and mass just goes to show what a stand-out she will be in any herd. Sired by WEBR Dr Phil.

JCK Berry Advance 36W is one of our influential donor females. She is a terrific producer out of Red Fine Line Mulberry 26P from a daughter of Perks Advancer 9088. Combine her EPDs and pedigree and it's an incredible opportunity to invest in these proven genetics. The lineage present in this special donor female is one of our most desirable here at J6.

Another exciting daughter of NBAR Hamley S913, WEBR Lady Luck 1201 comes from a trusted, proven pedigree. This bred female has the look, powerful structure and flexibility to remain consistent in production. Two full brothers of Lady Luck have won Denver and another full brother was Supreme Champion Bull at the South Dakota State Fair in 2008. This female's dam, WEBR Ms Dolly 1L is the dam of the popular WEBR Doc Holliday 2N.

This is an exclusive opportunity to own a direct daughter of the prominent Feddes Blockana 807 foundation female who has become a pillar of the breed. Whitestone Blockana X312 is an open female out of Six Mile Sakic 832S. The Blockana cow family is recognized for their flexibility, good structure and outstanding phenotypes; this female is certainly one of their outstanding progeny. She is the dam of the \$12,000 top selling bull in the 2016 J6 Bull Power Sale that sold to Lodoen Cattle Co., West Hope, ND, and has multiple feature daughters in this sale.

Darla

KMJ Revenue, sire of Lot 15A & 15B embryos.

MS Rosie Driver 735Y is one of our absolute favorites and a can't-miss female. She had an exciting show career as the Champion Percentage Simmental Female at the 2012 Fort Worth Stock Show and the Champion Percentage Simmental female at the 2012 American Royal in both the Junior and the Open Show. Her sire is WAGR Driver 706T, whose offspring consistently top Hartman Cattle Co.'s sales year after year.

J6RA Tempest B300 is moderate in her frame, easy to maintain and capacious through her center body. She is a WEBR TC Card Shark 1015 daughter. Card Shark was the Reserve Champion Bull at the 2011 NWSS and a son of the popular, now-deceased Doc Holliday. This female is ideally designed to produce cattle that are high performing and stylish in their phenotype. We admire the way her structure and smoothness of body ties into such a feminine and desirable package. We strongly urge you to study this one. She is a maternal sister to J6 Mr. Quick Draw D328 who sold for \$50,000 to P Bar S Ranch, Sand Springs, OK, and was the 2017 Fort Worth Stock Show Grand Champion Red Angus Bull.

This is a female that's got it all stacked in her favor with some of the finest genetics across her pedigree. PZC Cherry Berry 2368ET is a "can't miss" female whose production power is unmistakable. At the top of the list is WCR Cita 5098C is a maternal sib and the 2016 NAILE Grand Champion Female and 2017 Fort Worth Stock Show Grand Champion Female for J6 Farms, Blairs Ag and JC Ranch. Cherry Berry 2368 is a daughter of NBAR Hamley S913, a popular sire favorite for the show-minded breeders. Her dam, GT Cita 4060 is a consistent producer of high selling progeny with a great EPD profile. Cita 4060 herself sold for \$50,000 in the Wiedenbach dispersal. The influence of Cita is endless and so evident in this exclusive individual. PZC Cherry Berry is following in Cita's footsteps in terms of longevity, phenotype and dependability. She is athletic in her movement, beautifully made and functional.

A.I. on 3.20.18 to Red SOO Line Power Eye 161X; safe ; P.E. from 4.20.18 to 8.1.18 to WEBR Maxed Out 627

This exceptionally well-designed female has cow power written all over her. She is big footed, square hipped and incredibly level over her top. Her sire is NBAR Hamley, a son of the now deceased PIE Billings. We love this female's bone structure, super powerful look and her flexibility on the move.

We truly love this one's build! She is as fundamentally sound as one could get. A long feminine front, huge center body and incredibly sound structure. WCAT Lana 901Z has been a top female for us. She is a daughter of Red Cockburn Ribeye 308U. Red Cockburn Ribeye was the paternal grandsire to the 2016 Grand and Reserve Champion Bulls at the 2016 NAILE, as well as the grandsire to the Champion Bull at the 2016 NILE, held in Billings, Montana. This is truly a unique opportunity to acquire a foundation building female.

 Stony's Star 045's maternal sister was one of the lead-off females for Perks Ranch. She was an absolutely striking female; you can't design one on the profile any cooler than WSF Ms Anna U3! Study this one's numbers and you will notice that they are rock solid for growth, with a 72 WW epd and a 114 YW epd!

 This SSS Boomer daughter who traces back to Beckton Julian offers one of the most dynamic EPD profiles. She brings to you a CED in the top 15% of the breed, a milk in the top 1% of the breed and stands in the top 3% for marbling. Just reading that data makes our wheels start turning with mating options. She certainly has been one of the top producers for us and has a few good years left in her.

 This female's dam, Ravishing Doll 669, was the stand-out donor at Majestic Meadows who traces back to the 2001 National Champion Female for the Tiedeman and Smith Families. Unfortunately, her productive donor life was cut short due to Mycoplasma infection. Her IVF embryos have been sold through public auction for over \$1,000 each and her daughters have been some of the top-selling heifers in the breed over the year. Majestic Lionheart, the sire of Majestic Doll C10, is a banner-hanging, scale-pushing and semen-producing machine! His style, growth and fertility were second to none at the time.

Here is an exceptional female that posted top-notch performance numbers from weaning to yearling, with an adjusted weaning weight of 675 and crossed the scales at a year weighing 1039 lbs! Those are growth numbers that we would put against any animal in the breed. L83 Cynthia 24C is a granddaughter of 5L Norseman King 2291, who shows up in so many of the breed's top pedigrees. This high marbling, high milk female is ready to produce your next maternal herd sire! She comes out of one of our strongest groups of young females at the ranch and certainly holds her own.

The Dixie Erica cow family is known the world over in both the Black and Red Angus breeds. The Dixie Erica cattle are the moderate-framed, easy-keeping, stout-featured kind that don't go unnoticed. 1DRA Erica 586 stepped into our program via the Nebraska Cattleman's Classic and has proven herself time and time again. This female has exceptional potential to produce modern cattle that are low-input and highly merchandisable.

Majestic Lightning was one of most dynamic bulls to step foot on the green shavings in a long time. His mass, athleticism and style earned him a coveted Louisville Purple banner and just over a month later he won Denver. OHR Red Angus built a prestigious program and produced many greats, Majestic Meadows carried on the Mahogany cow family in grand fashion and we were fortunate enough to reap the benefits. This female was one of the very top heifers ever raised in their program, we are excited to be able to offer her for public auction.

When we invested in the Majestic Meadows cowherd it was cattle like this that made us so confident that the cattle were going to work and that we weren't just investing in individuals, we were investing in a breeding program. This female represents four generations of Majestic genetics and is a great example of what that program stands for: exceptional phenotype, solid structure and proven maternal ability.

P.E. from 5.9.18 to 8.6.18 to Red Six Mile Cornerstone 509C; safe bred 6.17.18

Wildcat Creek Ranch bred some of the very finest and most exciting cattle in our breed including WCR Blockanna 036Z. The Detour cattle at Wildcat Creek were some of the most exciting ever. His dam was Canadian Show Female of the year in 2008. Detour calves come easy at birth and develop into stout, high-quality cattle with added look and muscle. 036Z posts a -2.9 BW epd and ranks in the top 20% of the breed for REA, which is certainly a unique combination of data points.

Broker has proven himself as one of the most dominant sires the breed has ever known. Here is one of his impressive daughters that needs no introduction. J6RA Ms. Rachel 712B was a favorite of ours in the show ring. She was the 2015 South Dakota State Fair 4-H and Open Show Supreme Champion for Chesney Effling of High Moore, S.D., the 2015 American Royal Grand Champion Percentage Simmental in the junior show, and the 2015 NAILE Junior and Open Show Grand Champion Percentage Simmental. Her dam, GF Evening Tinge 1X is a powerhouse Saugahatchee donor. She was calf champion at the American Royal and NAILE.

WS Pilgrams Miss 1209Z is a direct daughter of the dominating Hartman sire, Pilgrim. She is designed to have flexibility and longevity all the way through production. This female's foot size and shape, as well as the added softness through the center of her body, give her a commanding donor cow look. She is just like Pilgrim - straight in her lines and the simple exemplification of quality. 1209Z is in the top 10% of the breed for SMTI and top 15% for marbling.

Bens Holly E501 is another daughter of Majestic Lion Heart, the popular bull for doability. This female is a daughter of WR MS Holly 3042, a female who has continued to impress us here with her dependable, productive nature. Bens Holly E501 has the build and the stoutness to be put into production with total confidence.

Relationships and transparency
have always been of the utmost
importance in our business

Possession and one-third semen interest/

VCL Olympian was bred in the Vogler Cattle Co. program and promoted through the Hartman program where he was one of the sale elites in 2015. He has tremendous length of body, which he combines with a catchy look, the depth of body and squareness everyone searches for in a potential herd sire. He is an exceptional individual that will give you low birthweight, added performance and guaranteed eye appeal. We are offering possession and one-third semen interest in VCL Olympian.

Here is a unique opportunity to have some of the breed's finest genetics in your herd. Majestic Bridget B12 is one of the great daughters of Majestic Lightning 717. She reaches back to BHC Stryker, one of the most highly used Red Angus sires worldwide. His influence has been felt around the world, especially in South America. The BHC Bridget cow family has been sharpened over the years in the Majestic Meadows herd. This female represents the heritage of the breed in its best hour. Here is your chance to implement tried and true genetics from this cow family into your herd.

Here is a superior female with royal genetics behind her. Red Lazy MC Kuruba 169B is from the widely known Kuruba cow family. These females are known for their maternal power and production merit. This Kuruba cow is following in their footsteps as a super maternally designed female with tremendous udder development. Her sire, Red NCJ Lazy MC Venom 34Z, is a bull with solid EPDs and a super powerful look. Kuruba 169B will produce offspring that are powerful, consistent and predictable.
